7. Parental Consent to use Photographic Images

Sometimes, we take photographs of children either at school or when they are involved in organised activities away from our school site. We may use the pictures in school publications, such as the prospectus, and on our website. We may also make video or web cam recordings for use by the school. To comply with the Data Protection Act 2018, we need your permission to photograph or make any recordings of your child.

Occasionally, the school may be visited by the news media (usually local newspapers) to take photographs or film of an event at the school. Pupils will often appear in these images, which will be published in local newspapers or even broadcast on television.

Please note that:

- *Websites can be viewed throughout the world and not just in the United Kingdom, where UK law applies*
- *Newspapers will be asked to avoid using the child's name if their image is put on the newspaper's own website*
